

The Culverden Health Plan

Welcome to the Culverden Health Plan.

Thank you for trusting us to look after your pet.

We've designed our health plan to make it **easier for you to give your pet the best preventative care**, and so the best quality of life. It spreads the cost of essential routine treatments and saves you money on the things you know your pet needs every year – vaccinations, health checks and effective parasite control.

We send you helpful reminders, give you nurse clinics and generous discounts on neutering, dental care, food and other services.

Our health plan really is the easiest way to keep your pets healthy and happy all year round.

Our dog plans includes the following benefits:

- Vaccination and annual health check (Distemper, Hepatitis, Parvovirus & Leptospirosis, but not kennel cough vaccine)
- Second visit to the vet each year
- Modern, effective flea and worm control
- Lungworm protection
- Tick protection
- Nurse appointments for nail clipping & weight checks
- 20% discount on our life stage and prescription diets
- 10% discount on neutering, kennel cough vaccination (if desired), dental work, additional parasite control, accessories
- Full puppy vaccination course
- Microchip (if required)
